Welcome to Orange Technical College, Central Florida's premier provider of technical education!

With a rich tradition dating back to 1933, Orange Technical College has consistently transformed lives through education. Our unwavering commitment lies in helping our students achieve their personal and professional aspirations. We firmly believe that there are multiple paths to a successful career, and we are dedicated to guiding you toward your desired destination.

We encourage you to explore our extensive career and technical education programs, designed to equip you with rapid credentials and skills that lead to locally available, highly sought-after job opportunities. Best of all, our programs are tailored to ensure you can achieve your goals without the burden of overwhelming debt. Whether you wish to enhance your skills, switch careers, obtain essential credentials for a new profession, pursue apprenticeships, earn your high school diploma, or learn English, our team across our five OTC campuses is fully committed to supporting you every step.

We welcome you to contact any of our campuses, and we will provide expert guidance on the next steps toward a fulfilling career. We sincerely appreciate your time as you explore the exciting range of career opportunities available at Orange Technical College and we eagerly await the opportunity to support you in achieving your goals! **#ONEOTC**

## EEO STATEMENT

The School Board of Orange County, Florida, does not discriminate in admission or access to, or treatment or employment in its programs and activities, on the basis of race, color, religion, age, sex, national origin, marital status, disability, genetic information, sexual orientation, gender identity or expression, or any other reason prohibited by law. The following individuals at the Ronald Blocker Educational Leadership Center, 445 West Amelia Street, Orlando, Florida 32801, attend to compliance matters: Equal Employment Opportunity (EEO) Officer & Title IX Coordinator: Keshara Cowans; ADA Coordinator: Jay Cardinali; Section 504 Coordinator: Tajuana Lee-Wenze. (407.317.3200)

# CAMPUS DIRECTORY

Offering programs at five technical college campuses, as well as numerous community learning centers and district schools, Orange Technical College continues to grow and evolve, always focused on improving the lives of students and positively impacting workforce needs and economic development in the region.

Most programs enroll students every nine weeks, but all interested students should come in and speak with a counselor about upcoming start dates for their program of interest.

Applications are accepted on a non-discriminatory basis from anyone having the interest, ability, and desire to benefit from an occupational training program. Adult students must be 16 years of age or older and withdrawn from their high school to be admitted into Orange Technical College (with the exception of dual-enrolled students).

Two forms of ID are needed – one being a valid state of Florida photo ID or other government issued photo ID.

High school students interested in attending an Orange Technical College program during their school day should speak with their career specialist or a school counselor about dual enrollment opportunities.

# WHY CHOOSE ORANGE TECHNICAL COLLEGE?

## QUALITY

OTC is part of Orange County Public Schools, a high-performing school district committed to student success.

## STAFF

Our credentialed faculty and staff prepare every student for success through innovative learning styles, interactive classrooms and industry knowledge.

## FLEXIBILITY

In addition to our five campuses, we offer a variety of courses with flexible schedules at Adult Community Education (ACE) centers all throughout Orange County.

## TIME

Many of our programs can be completed in just one year or less, getting students in high skill, high-wage jobs faster than ever.

## ACCREDITATION

Our campuses are accredited by the Council on Occupational Education.

## COST

As a public institution, we offer all students the most affordable education with the lowest rates for tuition.

# FINANCIAL AID & VETERAN BENEFITS

Financial aid is available at all Orange Technical College campuses and is based on individual student need or merit criteria. The Financial Aid Office will help you determine your eligibility for various types of assistance.

There are many types of financial assistance available including federal and state grants, work-study, scholarships and veteran educational benefits. In addition, there are numerous agencies that provide assistance for educational career training to help offset educational costs.

Visit a Financial Aid Office at any OTC campus today.

**CALL 407-317-3212**

# CAREER CERTIFICATES

Orange Technical College prepares students for various careers and provides programs of study ranging in length from a couple of months to a year or more.

Graduates can earn articulated college credits in most career certificate programs of study, as well as valuable work-related experience in their field of study. Industry certification(s)/licensure are available in most programs upon successful completion of many of the career certificate programs.

The awarding of a Certificate of Completion is governed by the Florida Department of Education and is based on successful completion of the requirements of the program, including applicable state basic skills requirements.

*Programs subject to cancellation if enrollment is not sufficient.*

Non-Florida residents pay \$11.71/hr

3-D Animation Technology	South Campus: Days
Careers include	Hrs: 1050
Production Assistant Animator Motion Capture Technician	Production planning Elements of production design Storyboarding Integration of video, graphics, animation and audio Elements into new media projects/productions
Accounting Operations	East Campus: Days
Careers include	Hrs: 900
Accounts Payable Clerk Accounts Receivables Clerk Payroll Clerk	Double entry principles Payroll records & tax forms Account and transaction analysis Inventory methods & depreciation Intermediate Excel and business mathematics
Administrative Office Specialist	East Campus: Days
Careers include	Hrs: 1050
Data Entry Coordinator Administrative Assistant	Communication technology Office procedures & protocol Intermediate software applications Account & transaction analysis Desktop publishing with Adobe Creative Suite
Advanced Automotive Service Technology (Toyota T-TEN)	South Campus: Days
Careers include	Hrs: 2400
Advanced Automotive Service Technician/T-TEN (Technician Training and Education Network)	Engine/electrical systems Transmission/transaxle A/C, front end, brakes, driveability Specialized for Toyota/Lexus dealerships On-the-job internship NATEF & ASE certification

Advanced Esthetics	West Campus: Days
Careers include	Hrs: 600
Facials/Skin Care Specialist	Advanced esthetics procedures Spa therapies/applications Advanced facial treatment techniques Entrepreneurial business practices Facials speciality completion requirement
Applied Cybersecurity	East & South Campuses: Days
Careers include	Hrs: 750
Network Administrator Computer Network Support Specialist Information Security Analyst	Remote workforce hardware components & devices Cloud & network architecture concepts & topologies Threat detection, risk mitigation, security controls, & basic digital forensics
Automotive Collision Technology Technician	South Campus: Days
Careers include	Hrs: 1400
Automotive Collision Repair Technician (NATEF, I-CAR and ASE Certified)	Auto collision helper/assistant Refinishing technician Non-structural repair Damage analysis/estimating Welding, cutting, joining Structural damage repair
Automotive Service Technology (1 & 2)	South Campus: Days
Careers include	Hrs: 1800
Automotive Technician (NATEF & ASE Certified)	Engine repair Electrical systems Transmissaion/transaxle Heating & air conditioning Front end, brakes & driveability
Building Construction Technologies	West Campus: Days/Eves
Careers include	Hrs: 1050
Commercial Building Maintenance Technician	Electrical & mechanical Installation, maintenance & repair Refrigerant regulations Codes and standards Environmental issues
Carpentry	West Campus: Days
Careers include	Hrs: 1200
Carpenter Specialty Sub-contractor Residential/building contractor	Frame walls with wood and cold-formed steel Layout, cut, and install wood frame roof systems Install windows, doors, drywall, and floors NCCER Core and Carpentry Level 1 Certification
Child Care Center Operations	South Campus: Days/Eves
Careers include	Hrs: 45
Child Care Center Director	Organizational leadership Legal responsibilities Financial management/marketing strategies Educational programing Assessment, monitoring and community resources

Cloud Computation & Virtualization	East Campus: Days
Careers include	Hrs: 900
Server Database Manager Data Analyst IT Administrator	Writing scripts for automation and system administration tasks. infrastructure automation technologies general network and firewall concepts
CNC Production Specialist	South Campus: Days
Careers include	Hrs: 600
CNC Production Specialist	CNC milling and turning techniques Set up and operation of lathe and milling operations Manufacturing principles and blueprint interpretation Leadership and entrepreneurial skills Solidworks software
Commercial Class “B” Driving	South Campus: Days
Careers include	Hrs: 150
Bus Driver Straight Truck Driver	Vehicle operation Handling cargo Reporting and record keeping Safety and human relations skills Reporting delays or accidents on the road
Commercial Vehicle Driving	South Campus: Days
Careers include	Hrs: 320
Tractor Trailer/Truck Driver	Vehicle operation Handling cargo Reporting and record keeping Safety & human relations skills Reporting delays or accidents on the road
Computer - Aided Drawing and Modeling	South Campus: Days
Careers include	Hrs: 1200
Architect	Higher-order reasoning and problem-solving skills Work Attitudes General employability skills Technical skills Occupation-specific skills
Cosmetology	West Campus: Days
Careers include	Hrs: 1200
Cosmetologist	Florida barbering law and rules Chemistry & bacteriology Anatomy & physiology Knowledge and skill development Preparation for the state licensing examination
Dental Assisting Technology and Management	Main Campus: Days
Careers include	Hrs: 1230
Dental Assistant	Clinical Assisting Instrumentation & dental materials Specialty procedures Anatomy & terminology Infection Control & Radiography

Diesel Systems Technician	South Campus: Days
Careers include	Hrs: 1800
Service Technician	Maintenance & repair/overhauling Employability skills Meets NATEF & ASE standards of quality Preventive maintenance & repairing heavy truck / bus chassis Diesel engines, electrical & hydraulic systems
Digital Audio Production	Avalon Campus: Days
Careers include	Hrs: 1050
Radio/TV Announcer Audio/Video Equipment Tech Broadcast Technician	Podcasting Voice control and modulation Beat creation Writing and editing music, soundtracks Surround sound editing and distribution
Digital Cinema Production	South Campus: Days
Careers include	Hrs: 1050
Producer Director Film and Video Editor	Implement audio requirements for film production Audio and video editing software Special effects lighting techniques and equipment Production writing , art direction, storyboarding
Digital Media/Multimedia Design	East & South Campuses: Days
Careers include	Hrs: 1050
Graphic Designer Media Designer Multimedia Artist Multimedia Animator	Computer-generated art & text Graphic design & production Electronic design skills Electronic layouts & illustration Developing multimedia presentations
Digital Photography Technology	South Campus: Days
Careers include	Hrs: 1050
Photographer Photographic Assistant Videographer	Digitally based Adobe Photoshop, Lightroom, Premiere Pro Studio portrait photography Portrait lighting Entrepreneurship/management skills
Electricity	South & West Campuses: Days
Careers include	Hrs: 1200
Electrician	Wiring, assembly & installation Blueprint reading Electrical wiring repair Residential, commercial & industrial Electrical code requirements
Electronic Systems Integration and Automation	South Campus: Days
Careers include	Hrs: 750
Electronics Systems Technician	Audio/Video Systems Computers, lighting, automation controls, security Telecom, cable, satellite, green technologies

Enterprise Desktop and Mobile Support Technology	East & South Campuses: Days
Careers include	Hrs: 1050
Desktop Support Technician Network Technician	Installation of enterprise desktop-laptop OS Configuration of enterprise desktop-laptop OS Troubleshooting drivers in desktop-laptop-tablet devices Troubleshooting applications in a network environment
Enterprise Network and Server Support Technology	East & South Campuses: Days/Eves
Careers include	Hrs: 750
Information Technology Security Specialist Systems Administrator	Use of application, data and host security LAN switching technologies WAN technologies Troubleshooting network problems
Facials Specialty	West Campus: Days
Careers include	Hrs: 220
Facials Specialist Skin Care Specialist	Florida cosmetology law and rules Safe and efficient work practices Corrective make-up; skills/techniques Skin care related chemistry; facial massage techniques Hair removal and artificial lash application
Fundamental Foodservice Skills	South Campus: Days
Careers include	Hrs: 600
Chef Head Cook	Essentials of the hospitality industry Kitchen sanitation and workplace safety Essential baking preparation Knife cuts, stock, soup and sauce preparation Fruit, vegetable, salads and sandwiches preparation Meat, poultry and seafood preparation
Heating, Ventilation, Air Conditioning/ Refrigeration (HVAC/R) 1 & 2	South & West Campuses: Days/Eves
Careers include	Hrs: 1350
HVAC Technician Installation Technician	Electrical & mechanical Installation, maintenance & repair Refrigerant regulations Codes and standards environmental issues
Java Development & Programming	East Campus: Days
Careers include	Hrs: 1200
Java Developer Junior Programmer	Use of a Java Integrated Development Environment (IDE) Object Oriented analysis and design Proficiency in Java and object-oriented design and programming.
Lodging Operations	South Campus: Days/Eves
Careers include	Hrs: 600
Hotel and Resort Desk Clerk Administrative Supervisor Lodging Manager	Front office training Housekeeping operations, security Sales & marketing Food & beverage Computer applications

Machining Technologies	South Campus: Days
Careers include	Hrs: 1500
Machinist CNC Operator CNC Programmer	Shop mathematics Blueprint reading Precision measurement layout & inspection Programming & operation of CNC machine tools Solid Works/Cam Works; human relations & safety skills
Major Appliance and Refrigeration Technician	South Campus: Days
Careers include	Hrs: 1200
Professional Servicer Appliance Technician	Appliance installation helper Laundry technician Cooking appliance technician Cooling appliance technician
Massage Therapy	Avalon Campus: Days
Careers include	Hrs: 750
Massage Therapist	Students learn therapeutic massage techniques Spa treatments such as herbal and mud wraps, chair massage and hot stone treatments
Mechatronics Technology	South Campus: Days
Careers include	Hrs: 1550
Electronics Assembler Electronics Tester Electromechanical Assembler Industrial Maintenance Technician Mechatronic Technician	Mechanical, electronic, computer, software Systems design engineering Fluid power, and mechanism of automation Mechatronics and robotics
Medical Administrative Specialist	East Campus: Days
Careers include	Hrs: 1050
Medical Administrative Specialist Insurance Clerk Medical Office Assistant	Use of technology to develop communication skills Higher level thinking skills, decision making skills The performance of office procedures specific to the medical environment Production of high quality employment portfolios and job-seeking documents
Medical Assisting	Avalon & Main Campuses: Days
Careers include	Hrs: 1300
Medical Assistant	Appointment scheduling, insurance, billing and coding Computer applications, Electronic Health Records (EHR) Vital Signs, Electrocardiography, Phlebotomy, Injections Physical Exams, Laboratory testing, Minor Surgery Eligible for AAMA, CMA and AMT, RMA Certification
Medical Coder/Biller	Avalon Campus: Days/Online
Careers include	Hrs: 1110
Medical Record Coder Coding Technician Medical Coder/Biller	Medical terminology Fundamentals of disease process Anatomy & physiology; pharmacology Medical records, coding, data processing Billing; security procedures; healthcare systems

Medical Laboratory Assisting	Avalon Campus: Days
Careers include	Hrs: 465
Phlebotomist Laboratory Assistant	Infection control procedures Collect timed specimens Perform laboratory procedures and process specimens Ensure quality assurance and safety Emergency procedures including CPR
Modeling Simulation Design	South Campus: Days
Careers include	Hrs: 1500
Modeling & Simulation Technician Modeling & Simulation Technical Artist	Use of high-end game engines Knowledge of basic lighting Audio production, sound construction, and editing Create 3D simple and complex models
Nails Specialty	West Campus: Days
Careers include	Hrs: 180
Nail Technician	Bacteriology Florida cosmetology laws and rules Nails knowledge and related chemistry Anatomy physiology
Patient Care Assistant	Main Campus: Days
Careers include	Hrs: 290
Home Health Aide Clinical Technician Advanced Clinician	Nursing assistant/healthcare skills Safe use of medical equipment Legal & ethical responsibilities Clinical experience

# ADULT GENERAL EDUCATION

Adult Education offers a wide variety of courses providing rigorous and relevant learning experiences to meet the educational needs of adults through literacy, workforce preparation and technology.

The Council on Occupational Education (COE) does not accredit avocational programs such as ESOL. In addition, avocational programs do not qualify for Title IV financial aid assistance.

### Academic Skills Building (ASB)

Location: All Campuses	Offered: Days/Eves
The ASB program is designed to develop the literacy and math skills necessary for students to enter the job market, upskill to earn a better job, or enter postsecondary education. The program is for students who have earned a diploma or high school equivalency but need additional skill building in math or literacy to be successful workers, citizens, and partners of their children's education. ASB may be used for students in an Integrated Education and Training (IET) or Career and Technical Education (CTE) program.	

### Adult Basic Education (ABE)

Location: All Campuses	Offered: Days/Eves
The Adult Basic Education program is designed to provide adults with sufficient basic education to enable them to benefit from job training and retraining programs to obtain and retain productive employment. The program provides basic skills instruction and critical thinking skills to prepare students for the GED Preparation Program and for postsecondary education and employment.	

### Adult English for Speakers of Other Languages (ESOL)

Location: All Campuses	Offered: Days/Eves
This program is for students whose native, or home, language is other than English. ESOL classes are available for students who don't speak English or have limited skills in reading, writing, and speaking English. Students are pre-tested to determine their ability and begin their studies at that level.	

### Adult High School Credit

Location: South Campus	Offered: Days/Eves
The purpose of this program is to provide an academic course of study leading to a high school diploma for those 16 years of age and older. Adult high school credit is a course of study designed for adults who have not completed high school to continue their education. The mission of this program is to prepare students for the completion and attainment of a high school diploma and to meet the educational needs of the students by providing assistance in making individual career choices.	

GED® Preparation Classes

Location: All Campuses

Offered: Days/Eves

GED® Preparation Classes help you successfully pass the GED® Test. The classes include instruction and coursework in the four tested content areas: Reasoning Through Language Arts, Mathematical Reasoning, Science and Social Studies. Successful completion is determined by passing all the content areas on the Official GED® Examination with a minimum score of 145 in each content area.

# APPRENTICESHIP

The mission of this program is to provide an atmosphere of unified learning and skills development, through classroom instruction and “on-the-job” experience, assuring a lifelong earning opportunity to a diverse community.

Apprenticeship programs combine paid employment with no cost training. Completing each year of training elevates apprentices' hourly pay rate and their status within the skilled trade community. Upon completing the full apprenticeship program, an apprentice becomes a "Journeyman" or "Master" of the craft and is considered at the very top of the industry.

Apprentices enrolled at public institutions are exempt from paying fees including application, registration, tuition and lab fees. A written agreement between the apprentice and employer ensures the apprentice becomes skilled in the occupation.

Unlike other career training programs offered at Orange Technical College, apprentices are selected to participate by employers/sponsors based on criteria specifically defined in standards of registered apprenticeship programs approved by the U.S. Department of Labor and Florida Department of Education.

## HOW TO BECOME AN APPRENTICE

*Check with the admissions office at any of the Orange Technical College campuses. Potential candidates must apply for registered apprentice positions. Admission requirements and eligibility vary by program because program sponsors define them according to their specific training needs and the availability of employment opportunities. However, federal law defines minimum requirements and mandates that selection criteria be job related.*

*Certifications earned through registered apprenticeship programs are recognized nationwide. Apprentices who complete registered apprenticeship programs are accepted by the industry as journeymen.*
