### Report on the Financial Statements

#### **Opinions**

We have audited the accompanying financial statements of the Sales Tax I, Sales Tax II, and Capital Renewal Capital Projects Funds, governmental revenue funds of Orange County Public Schools (the "District") as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the Sales Tax I, Sales Tax II, and Capital Renewal Capital Projects Funds of the District as of June 30, 2022, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### **Basis for Opinions**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the District, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### **Emphasis of Matter**

As discussed in Note 1 to the financial statements, the financial statements referred to above present only the Sales Tax I, Sales Tax II and the Capital Renewal Capital Projects Funds of the District and do not purport to, and do not, present fairly the financial position of Orange County Public Schools, as of June 30, 2022, and the changes in its financial position, for the year then ended in accordance with accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

#### **Responsibility of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

#### **Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are

considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

***Other Reporting Required by Government Auditing Standards***

As discussed in note 1, the Sales Tax I, Sales Tax II, and the Capital Renewal Capital Projects Funds are administered by Orange County Public Schools, for which, in accordance with *Government Auditing Standards*, a report is issued which includes our consideration of the Sales Tax I, Sales Tax II, and the Capital Renewal Capital Projects Funds internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

**1—Summary of significant accounting policies**

*Reporting Entity* – Orange County Public Schools (“District”) has direct responsibility for operation, control, and supervision of District schools and is considered a primary government for financial reporting. The District is considered part of the Florida system of public education.

The governing body of the District is the Orange County District School Board (“Board”) that is composed of eight elected members, one of which is the Board Chairman. The appointed Superintendent of Schools (“Superintendent”) is the executive officer of the Board. Geographic boundaries of the District correspond with those of Orange County, Florida.

Pursuant to Section 1001.51(11)(f), Florida Statutes, the Superintendent is responsible for keeping records and accounts of all financial transactions in the manner prescribed by the Florida State Board of Education.

The accompanying financial statements present only the activities of the Sales Tax Capital Projects Funds (“Sales Tax Funds”) and Capital Renewal Capital Projects Fund (“Capital Renewal Fund”) of the District (collectively referred to as the “Funds”) and were prepared for the purpose of demonstrating compliance with School Board Resolution No. 05/02/02 NC-1 and School Board Resolution No. 2014-06-10. These financial statements are not intended to present the basic financial statements of the District.

*Measurement Focus, Basis of Accounting, and Financial Statement Presentation* –The Funds are governmental funds utilizing the current financial resource measurement focus and the modified accrual basis of accounting. Revenues are recognized in the accounting period in which they become susceptible to accrual, that is, both measurable and available. “Measurable” means the amount of the transaction can be determined and “available” means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. Significant revenues “susceptible to accrual” include sales taxes and interest on investments. The District considers revenues from sales taxes as available if they are collected within forty-five (45) days after year-end and taking into account a consistent 12 month cycle. Expenditures are recorded when the Funds’ liabilities are incurred.

The District has designated the Sales Tax Fund I and Sales Tax Fund II to account for the financial resources generated by sales tax and other local sources to be used for educational capital outlay needs, including new construction, renovation, and remodeling projects.

The major revenue source of the Sales Tax Fund I was the half-penny sales tax approved by the voters in Orange County, Florida in 2002, with an effective date beginning January 1, 2003 and ending December 31, 2015. This revenue was collected by local businesses, sent to the Florida Department of Revenue, and then remitted to the District. The reported expenditures of the Sales Tax Fund I for the year ended June 30, 2022, include program management costs of \$35,086. These costs are allocated to programs based on the amount of time worked by the program management company. These program costs are then allocated to the projects based on project budgets.

**1—Summary of significant accounting policies (continued)**

The major source of revenue of the Sales Tax II Fund is a renewal of the half-penny sales tax approved by the voters in August 2014, with an effective date beginning January 1, 2016 and ending December 31, 2025. This revenue is collected by local businesses, sent to the Florida Department of Revenue, and then remitted to the District. The reported expenditures of Sales Tax Fund II for the year ended June 30, 2022, include program management costs of \$2,110,565. These costs are allocated to programs based on the amount of time worked by the program management company. These program costs are then allocated to the projects based on project budgets.

The Capital Renewal Fund is to be used for the replacement of major school building systems and components that are needed to preserve the efficient operation of school facilities. The funds are not intended for the initial renovation of the remaining schools on the original list of 136 schools to be funded from sales taxes. The funds are not intended for routine maintenance of school facilities or to pay for project elements which cost less than \$50,000. The Capital Renewal Fund is funded primarily by transfers from the Sales Tax Funds. The reported expenditures of the Capital Renewal Fund for the year ended June 30, 2022, include program management costs of \$3,261,047. These costs are allocated to programs based on the amount of time worked by the program management company. These program costs are then allocated to the projects based on project budgets.

*Use of Estimates* – The preparation of financial statements in conformity with accounting principles generally accepted in the United States (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities as of the financial statement date and the reported amounts of revenues and expenditures during the reporting period. Actual results could differ from those estimates.

**2—Cash and investments**

Cash deposits and certificates of deposit are held in banks that qualify as public depositories under Florida law. All deposits are insured by federal depository insurance and/or collateralized with securities held in Florida's multiple financial institution collateral pool required by Sections 280.07 and 280.08, Florida Statutes.

Investments consist of the state of Florida's Special Purpose Investment Account ("SPIA") authorized in Section 17.61(1), Florida Statutes, Florida Prime, Florida Public Assets for Liquidity Management ("FL PALM"), Florida Safe (a local government investment pool), corporate and municipal bonds, United States government securities and money market funds. All investments are reported at fair value, amortized cost, which approximates fair value, or the net asset value per share ("NAV"). The District's investment in SPIA is part of an investment pool managed by the Florida Department of Treasury, whereby the District owns a share of the pool, not the underlying shares of the assets in the pool. The District relies on policies developed by the State Treasury for managing interest and credit risk for this external investment pool.

The Funds categorize their fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets. Level 2 inputs are significant other observable inputs. Level 3 inputs are significant unobservable inputs.

**2—Cash and investments (continued)**

Certain investments are measured using the NAV per share (or its equivalent) practical expedient or amortized cost, which approximates fair value, and have not been classified in the fair value hierarchy. Florida Prime, Florida Safe, FL PALM, and money market are reported at amortized cost, and the Florida Special Purpose Investment Account is reported at NAV per share. The District invests in these types of investments to obtain competitive market returns while ensuring the safety and liquidity of the portfolio. These types of investments may be redeemed without advance notice and there are no unfunded commitments for further investment. There are currently no limitations as to the frequency of redemptions; however, Florida Prime has the ability to impose restrictions on withdrawals should a material event occur. Detailed information on the withdrawal restrictions that may be imposed, and Florida Prime’s responsibilities should such an event occur, is described in Section 218.409(8)(a), Florida Statutes.

*Investment Income* – The following schedule summarizes the funds’ investment income as presented on the statements of revenues, expenditures, and changes in fund balance:

	<b>Sales Tax Fund I</b>
Interest income	\$ 31,217
Net increase in fair value	27,650
Net investment income (loss)	<u>\$ 58,867</u>

Interest Income	\$ 5,623,043
Net decrease in fair value	(24,028,544)
Net investment income (loss)	<u>\$ (18,405,501)</u>

*Interest Rate Risk* – District policies limit the maturity of investments to five year weighted average life as a means of limiting its exposure to fair value losses arising from rising interest rates. Also, at least three months of average disbursements should be invested in highly liquid funds with a maturity up to 90 days.

The Capital Renewal Fund has \$346,031,342 in obligations of the United States Government Sponsored Agencies/Federal Instrumentalities and Municipal Bonds. These securities include embedded options to call the entire security or a portion thereof, at the option of the issuer; or, depending on market conditions, the issuer may decide to leave the security intact, at stated interest rate, until final maturity. These securities have various call dates with final maturity dates between January 2023 and January 2037.

At June 30, 2022, the District’s investments had weighted average maturities of 2.66 years in the SPIA; 71 days in the Florida Prime; 25 days in the Florida Public Assets for Liquidity Management; 45 days in the Florida Safe; and 3.74 years in corporate bonds, municipal bonds, and government obligations.

- g. Repurchase Agreements;
- h. State and/or Local Government Taxable or Tax-Exempt Debt;
- i. Corporate Bonds;
- j. Commercial Paper; and,
- k. Money Market Mutual Funds and other Local Government Investment Pools.

*Custodial Credit Risk* – Section 218.415(18), Florida Statutes, requires the District to earmark all investments and 1) if registered with the issuer or its agents, the investment must be immediately placed for safekeeping in a location that protects the District's interest in the security; 2) if in a book entry form, the investment must be held for the credit of the District by a depository chartered by the Federal Government, the State, or any other State or territory of the United States which has a branch or principal place of business in this State, or by a national association organized and existing under the laws of the United States which is authorized to accept and execute trusts and which is doing business in this State, and must be kept by the depository in an account separate and apart from the assets of the financial institution; or 3) if physically issued to the holder but not registered with the issuer or its agents, must be immediately placed for safekeeping in a secured vault. The Capital Renewal Fund's \$346,031,342 of investments in obligations of United States Government Agencies and Federal Instrumentalities and Municipal Bonds are held by the safekeeping agent, in the name of the District.

**4—Interfund transfers**

During fiscal year ended June 30, 2022, funds in the amount of \$54,280,700 were transferred from the Sales Tax Fund II to the Capital Renewal Fund. The amount transferred this year was 2.4% of cumulative expenditures in all capital funds since January 1, 2016, calculated with an initial base amount. Such capital expenditures exclude library books, furniture, fixtures and equipment, and site acquisitions. These transfers fund the replacement of major school building system components needed to preserve the efficient operation of the school facilities constructed or renovated since fiscal year 2003.

**5—Other fund activities**

The American Recovery and Reinvestment Act of 2009 (“ARRA”) was enacted to provide a stimulus to the economy including provisions for alternative forms of financing public school facilities. ARRA authorizes the issuance of obligations called “qualified school construction bonds” (“QSCBs” or “COPs”) for the construction, renovation, or repair of a public school facility, or for the acquisition of land on which such a facility is to be constructed.

In fiscal year 2010, pursuant to ARRA, the District was allocated the authority to issue up to \$35,824,000 aggregate principal amount of QSCBs during calendar year 2009. Holders of QSCBs are entitled to a tax credit in an amount determined by the Secretary of the Treasury on each business day. The Series 2009B QSCBs were issued in the amount of \$35,820,000 under the Master Lease Program in the form of Certificates of Participation during the 2010 fiscal year. The proceeds of the COPs were used to finance the projects specified as (i) Westridge Middle School and Walker Middle School remodeling and renovation project, and (ii) correction of outstanding deficiencies at various schools throughout the District. The construction projects were originally planned to be constructed using Sales Tax revenues.

Costs of the construction of the Westridge Middle School and Walker Middle School projects were charged in the Series 2009B QSCB Capital Project Fund where the proceeds were recorded. The Trustee, who held the proceeds, reimbursed the District for these expenditures. Funds were transferred in fiscal year 2010 from the Sales Tax Fund I to the Series 2009B QSCB Debt Service Fund in the amount of \$35,820,000 to cover the debt service on the QSCBs (“COPs”) for these projects. All interest earned in this fund will be retained in the fund to be used for repayment of the specified outstanding COPs, including an average supplemental interest coupon of 1.1499390%. Any proceeds remaining in the fund at the end of the repayment schedule will be returned to the Sales Tax Fund I to be used for other eligible projects. The principle of this debt will be paid in a lump sum in fiscal year 2024-2025.

In fiscal year 2011, pursuant to ARRA, the District was allocated the authority to issue up to \$36,229,000 aggregate principal amount of QSCBs. Although initially QSCBs were tax credit bonds, as a result of amendments to ARRA contained in the Hiring Incentives to Restore Employment Act (the HIRE Act), effective March, 2010, QSCBs were then issued as current interest paying taxable bonds, with an interest subsidy from the U.S. Treasury at a rate equal to the tax credit rate otherwise applicable to the QSCBs on the date of sale. The subsidy received by the District was intended to cover 100% of the interest payable on the QSCB, thus resulting in interest free financing for the District. However, as a result of the Federal sequestration, this subsidy was reduced and, therefore, resulted in a minimal interest obligation of the District. The 2010A QSCBs were issued in the amount of \$36,229,000 in fiscal year 2011 under the Master Lease Program in the form of Certificates of Participation. The proceeds of the COPs were used to finance the projects specified as Arbor Ridge K-8, Eccleston Elementary School and Sun Blaze Elementary School. The Arbor Ridge K-8 and Eccleston Elementary School construction projects were originally planned to be constructed using Sales Tax revenues.

**5—Other fund activities (continued)**

Costs of the construction of the Arbor Ridge K-8, Eccleston Elementary School and Sun Blaze Elementary School projects were charged in the Series 2010A QSCB Capital Project Fund, where the proceeds were recorded. The Trustee, who held the proceeds, reimbursed the District for these expenditures. The District transferred \$23,436,330 from the Sales Tax Fund I to the Series 2010A QSCB Debt Service Funds during the 2011 fiscal year, and used the funds to purchase a Guaranteed Investment Contract that will be used to pay the debt service on the QSCBs (“COPs”) for this project. All interest earned in this fund will be retained in the fund to be used for repayment of the specified outstanding COPs. Any proceeds remaining in the fund at the end of the repayment schedule will be returned to the Sales Tax Fund I to be used for other eligible projects. The principle of this debt will be paid in a lump sum in fiscal year 2029-2030.

The charts below show a summary of the activity in the QSCB 2010 and 2009 Capital Projects and Debt Service Funds:

**8—Fund balance reporting**

Governmental Accounting Standards Board (“GASB”) Statement No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions* (GASB 54), establishes a hierarchy for fund balance classifications and the constraints imposed on the uses of those resources.

*Restricted* – Fund balances that are constrained by external parties, constitutional provisions, or enabling legislation.

The financial statements reflect restricted fund balances of the Sales Tax Fund I, Sales Tax Fund II, and Capital Renewal funds of \$6,746,063, \$639,060,853, and \$620,685,763, respectively, at June 30, 2022. In accordance with GASB, these fund balances are classified as restricted and are available for use only on educational capital outlay expenditures in accordance with enabling legislation provided through School Board Resolution No. 05/02/02 NC-1 and School Board Resolution No. 2014-06-10.
